Jamie looked down but actually he didn't payed any attention what his father was saying. As father grew louder he started to smile.

"But Dad, don't overreact I am just a little kid who wants to have fun" as Jamie said his father went silent. Seems like it was shocking for him and he didn't expect his 7 years old son to say stuff like that. Mr. Leo was also looking strangely with his big eyes.

"I want... I want to LIVE," said Jamie breathlessly. "To feel the wind on my shoulders, and a turtle's breath beneath my knees. To... see things you people wouldn't believe... Attack ships on fire off the shoulder of Orion. Watch c-beams glitter in the dark near the Tannhäuser Gate."

Jamie's father disappeared with the family savings, relocating to the Caribbean and living a life of wild raucousness. Jamie, on the other hand, become a Selucian monk, and learned the spiritual disciplines that a life of piety required; including the use of various secret martial arts as applied to a cripple.

On his 24th birthday, Jamie traversed the path of an initiate, and was dispatched to kill his father. It was a path he took up with some reluctance, and yet he knew the result would be satisfying. Through the intelligence gathered by the Selucian network, his father was located in Barbados, and Jamie saw him once again, sitting on a barstool deep into his drinking.

father lived and went to his house to finish the job. Mr. Leo heard a knock on his door and stumbled to open it.

"Father." Said Jamie with authority. "Long time no see."

"Son?" Said a very disgruntled Mr. Leo. "Why are you here? How did you find me?"

With that Jamie invited himself in.

"I am a Selucian monk and found out your information through the others." His father simply stared.

"As for why I'm here..." And with that he took out his knife and slit his father's throat.
